

\$3613 IN FINES IN ONE MONTH

November Makes Record in Corporation Court for This Administration.

According to the report of corporation court clerk Alex Gonzalez, 522 persons contributed \$3613 in fines toward the expenses of the city during the month of November, assessed by Judge Paul D. Thomas.

This does not include the number that were sentenced to serve out terms in the city jail following their inability to pay the fines. At present there are about 160 persons in jail on this account.

The amount is the largest paid to the clerk of the court in any one month for several years, and exceeds any previous monthly record during the present administration. It is due to the campaign being waged against violators of the traffic ordinances, and against all classes of vagrants in the city by the police and detective departments.

"Since I have been clerk of the court, I have never known an amount as large as that for November to be paid," said clerk Gonzalez. "As a general rule the fines for one month are about \$2500. The heavy fine on speeders have had a great deal to do with the large amount during the past month, as all of the automobilists who speed their cars are well able to pay fines."

PARENTS CLAIM TWO BOYS WERE FORCED INTO ARMY

Tucson, Ariz., Dec. 5.—A hearing will be held here Monday upon an application for writs of habeas corpus to secure release from army duty of Karl Jacobson and Roy Carlson, of Safford, both said to be minors.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal ailments that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla today. Insist on having Hood's.—Adv.

"DID OUR DUTY," SAYS TREVINO

Former Chihuahua Governor and Brother of General Stopping in El Paso.

"We did our duty," insists Francisco Trevino, late governor of Chihuahua, and brother of Gen. J. B. Trevino, commander of the de facto division of the northeast.

Mr. Trevino arrived in Juarez Wednesday evening. He is accompanied by Mrs. Trevino and their four children, the family being registered at the Hotel Mesa.

"We left Chihuahua City only because our ammunition gave out," said the former governor. "The men and officers deemed themselves vainly, and fought to the bitter end. It was when we saw that we did not have the means wherewith to fight, that we abandoned the city, one column retreating to the north, under Gen. Carlos Ochoa, and the other to the south, under the leadership of my brother."

"The city is now well fortified and well supplied with ammunition," continued senior Trevino. "The garrison is now about 16,000 strong. We are confident that Villam will eventually be driven from the state of Chihuahua. As for me, I am at the orders of my superiors. Some time ago, I was requested to turn over my office to Gen. Arnulfo Gonzalez, and have been waiting for my successor to arrive. Now that he has come to take charge, I am on my way to Mexico City. I shall leave in a few days for Chihuahua City, where I will be joined by my brother, the general. He will also leave his command in the hands of another, presumably Gen. Francisco Murguía, who now is commander of operations. Together we shall proceed to Mexico City, to place our services at the disposal of our government."

Senior Trevino expects to remain in El Paso for two or three days. He will send his family to Piedras Negras, while he is on his way to Mexico City. His sister-in-law, Mrs. Maria Carrillo de Trevino, has been in El Paso for about a month.

U. S. ARMY MOTOR TRUCKS DAMAGE ROADS \$750,000

San Antonio, Tex., Dec. 5.—Roads have been damaged to the extent of \$750,000 by the motor trucks of the army engaged in border service. It is claimed in representations made to Maj. Gen. Frederick Funston, commanding the southern department, by state and county authorities, that an appeal was made for repair of the roads by the army.

It is said that similar representations to the war department have been made by officials of New Mexico and Arizona.

Gen. Funston let it be known that all roads damaged by the truck train service which still are used for military purposes, may be repaired by the army engineers.

Gen. Funston admits that many other roads have been damaged by the army trucks, but declares a special appropriation by congress would be necessary for their repair by the government.

CARRANZA WILL SIGN PROTOCOL?

Main Points Will Be Approved, Though Wording May Be Changed, Belief.

By Associated Press. Mexico City, Mex., Dec. 5.—The impression prevails here that Gen. Carranza will sign the American-Mexican protocol drafted at Atlantic City, if he has not already signed it. It is thought there may be slight changes in the wording of the document, but that the main points of it will be agreed to by Gen. Carranza.

Alberto J. Rank, one of the commissioners, who brought the protocol to Mexico for Gen. Carranza's perusal, is at Queretaro, but is expected to start in a day or two for the United States with Gen. Carranza's reply. It was made public until it has been transmitted to the joint conference at Atlantic City.

Paul Coming Back to U. S.

Washington, D. C., Dec. 5.—Confidential information that Alberto J. Rank, who carried to Gen. Carranza the border protection protocol agreed to at Atlantic City, was on his way back to the United States from Mexico, was considered at the state department as an indication that the first chief had ratified the document. The joint commission that drafted the protocol was journeyed Nov. 25, to reassemble Dec. 8 if Carranza's action was favorable. It is believed here that Mr. Rank will cross the border at Laredo and make a telegraphic report from there.

Important Subjects Pending.

Under instructions from the members of the commission, the attaches of both groups have spent much of the time since the adjournment at Atlantic City in drafting tentative programs for further discussion. Luis Cabrera, chairman of the Mexican commission, in an interview credited to him recently in a Mexico City newspaper, referred to the subjects to be discussed after the ratification of the protocol as "minor importance," but the program drafted by the American commissioners includes a list of subjects regarded by them as of great importance.

Protect Foreigners' Adjust Taxes.

The Americans, it is understood, will insist upon the agreement to an addendum to the protocol that will serve as a guarantee that the Carranza government respect and protect the rights of Americans and other foreigners in Mexico. The Mexicans probably will be asked to agree to the amendment to "annulment of all decrees that provide for confiscation of foreign-owned property and for the readjustment of decrees providing virtually prohibitory schedules of taxation on mines and other industries."

Propose Claims Commission.

Pressure will be brought to bear to secure the creation of an international claims commission to pass upon all claims filed since Nov. 26, 1910, the date of the beginning of the Madero revolution. The Carranza representatives also will be asked to agree to joint action in improving the sanitation of Mexican cities, especially certain parts, and to fighting epidemics of contagious and infectious diseases known to be prevalent in different parts of Mexico. It will be suggested that the American government be accorded the right to send physicians to cooperate in the task and to use such funds as may be necessary. The Rockefeller foundation is expected to furnish the money.

Official advices from Mexico City today included the notification that the government has issued a circular prohibiting the use of American currency, both metallic and paper as legal tender. This was construed as an admission by the Carranza government that all efforts to force into circulation its issues of paper money have failed.

PLOT TO ASSASSINATE ALVARADO; FIVE EXECUTED

New Orleans, La., Dec. 5.—Newspaper and mail advices received here from Merida, Yucatan, tell of the execution of five Mexicans, including an army officer, found guilty of conspiring to assassinate Gov. Salvador Alvarado of the state of Yucatan. About a dozen others are said to have been given penitentiary terms.

Man's Letter Answered

Dear Sir: In the year 1912, month of March, I read in my newspaper a recipe or prescription for a cure of a disease which I had. I was in run-down health and was particularly nervous, weak and worn out. I was despondent and unable to work part of the time. The medicine at once revived my energy, will power and strength and have felt like a "new man" until just recently. Have lost the recipe and would appreciate your publishing it as for my benefit and others needing such a grand medicine to restore health. H. H. B.

Answer—The prescription referred to is herewith given. Any well-stocked drugstore can mix it. It really is a wonderful strengthening tonic for nerve-broken men, and women, too: Tincture of Cod Liver Oil, 1 oz. Comp. Essence Cardiol, 1 oz. Comp. Fluid Balmwood, 1 oz. Comp. Syrup Sarsaparilla, 3 oz. Mix, shake well and take a teaspoonful before or after each meal and one at bedtime for several weeks.

DE LEWIS BAKER. Note—Clip this out and retain it, as it will not appear again.—Adv.

How Fortunes Are Made

Many fortunes have been made in the Oklahoma oil fields. Almost endless wealth is yet to be taken out of the ground. The biggest buy—right now—is

Sequoyah

(See-kwoi-a-b.)

Officially listed and traded in on the N. Y. Curb

The Sequoyah Oil & Refining Company has 6,000 acres of richest oil lands in Oklahoma. It is a young company with annual production for big profits. Already it is paying 12%. It has earned 27% for 2 years. It is now earning 26%. Buy before it further rises.

ANTI-AMERICAN DIDN'T WIN IN ELECTION AT CANANEA

By Associated Press. Douglas, Ariz., Dec. 5.—Francisco Ortiz, former city judge of Cananea, Sonora, who ran for mayor of the municipality on a platform of anti-Americanism, was defeated here, when official reports from Guatemala were received by secretary of state Lansing saying Diaz is operating close to the Guatemalan border with only 500 men of whom but 200 are armed.

ASSERTS VILLA DIRECTED HIS ATTACK BY TELEGRAPH

By Associated Press. Washington, D. C., Dec. 5.—Doubts that Francisco Villa himself was in Chihuahua City when the city was taken from the Carranza forces, as was reported, have been raised by the story of a deserter from Villa's band who says the bandit chief directed the fighting by telegraph from Bustillos ranch, near Chihuahua.

His story was forwarded to the war department today by the American military authorities at El Paso.

ARMY CATERPILLAR TRACTOR MAKES GOOD ON TEST TRIP.

San Antonio, Texas, Dec. 5.—The first United States army caterpillar tractor has just completed a successful trip along the border from Presidio to Marfa, drawing four trailers laden with supplies. The tractor was under the charge of Capt. Harry A. Hegeman, who has returned to Fort Sam Houston. He said the experiment demonstrated the tractor was a practical means of transportation in the wild and unsettled country along the border.

CHAPLAIN IS ACQUITTED OF SERIOUS CHARGE.

Honolulu, T. H., Dec. 5.—An order of acquittal has been made public here today for Chaplain Jeremiah H. Lenehan, Fourth United States cavalry, stationed at Schofield barracks, who was court-martialed on serious charges. The charges against the chaplain, Lenehan, included accusations of drunkenness and disorderly conduct in Texas in 1912. He was also accused of lying and of disobedience of military orders.

RELEASE OF AMERICAN HELD IN MEXICO IS ASKED

By Associated Press. Brownsville, Texas, Dec. 5.—United States consul J. H. Johnson at Matamoros, Mexico, has asked governor Luis Caballero of the state of Tamaulipas to release Ricardo Solis, an American of Mexican descent, who was arrested in Matamoros and ordered sent to Victoria for trial. The charges against Solis have not been made public.

DIVISION TO BE RELEASED TO MEXICO.

The proposed Seventh division, six to ten days' ride will take place as soon as the mess baggage of the division are boarded, and the men have recovered from the effects of the paratyphoid inoculation. The hike will be routed through San Mexico, it is said, and will take in Las Cruces on the return. No definite date has been set for the start.

MEXICAN BANKS MAY USE NOTES, BACKED BY SILVER

(Continued From Page One.) The Mercantile Bank of Veracruz and the Banco Oriental de Mexico may begin the circulation of their own bank notes, backed dollar for dollar with silver. Gen. Carranza had a long conference Wednesday night regarding the American-Mexican protocol with Alfonso Siller, undersecretary of foreign relations.

DIAZ HAS SMALL FORCE WITH ONLY 200 ARMED.

By Associated Press. Washington, D. C., Dec. 5.—The importance of the Felix Diaz movement in Mexico diminished here, when official reports from Guatemala were received by secretary of state Lansing saying Diaz is operating close to the Guatemalan border with only 500 men of whom but 200 are armed.

The New Method.

(By L. W. BOWEN, M. D.) Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, despondent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack ambition to do things.

The latest and most effective means of overcoming this trouble, is to eat sparingly of meat, drink plenty of water between meals and take a single Anuric tablet before each meal for a while.

Simply ask your favorite druggist for Anuric if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin immediately this treatment with Anuric. Most scientists and medical men believe that because of an over abundance of uric acid in the system, uric acid salts are deposited in the tissues and cause rheumatism and gout.

The physicians and specialists at Dr. Fiecke's Institution in Buffalo, N. Y., have thoroughly tested Anuric and have been with one accord successful in eradicating and throwing off from the system the uric acid which accumulates and poisons.

Patients having once used Anuric at the institution have repeatedly sent back for more. Such a demand has been created that Doctor Fiecke decided to put Anuric in the drug stores of this country, in a ready-to-use form. It will be their own fault if they suffer from uric acid troubles do not take advantage of this wonderful remedy.—Advertisement.
